

POPULATION—POST OFFICES

COUNTIES, COUNTY SEATS AND INCORPORATED PLACES.

THE subjoined lists show at a glance not only the population of the State by counties, county seats and incorporated places, but gives the increase for ten years and the estimated increase since the census was taken. The county seats appear with the letters "c. s." and the name of the county in parenthesis, those which are unincorporated being marked *. The population is as given by the census of 1900 except in cases of estimated increase or towns which have sprung into existence since the census was taken; in the former case the census figures appear in brackets ahead of the others.
